EPA Recognized* and ETV Tested

for use on DRYWALL, PLASTER, WOOD and
ferrous METAL Surfaces.

D-LEAD

PAINT TEST KIT

Patent Pending

- ◆ Tests for lead and lead chromate based paints in minutes
- ◆ Quickly determine if regulated lead based paint is not present
- ◆ Small 3/16" Sample Required (Sampling Tool Included)
- ◆ D-Wipe® Prep Towels (included) reduce the chance of sample contamination.

24 Tests

Independently tested through the EPA Environmental Technology Verification (ETV) Program.

*When used by a Certified Renovator the EPA recognizes that the D-Lead® Paint Test Kit can reliably determine that regulated lead paint based paint is not present.
